

VA Criteria for Post Tenure Review (To be added to our Primary Unit Criteria)

Faculty should submit a compiled pdf for each academic year of the three merit matrices submitted for that year including each years' rating forms that include the matrix listings of activities and optional written narrative for the three areas—Research/Creative Work, Leadership and Service, and Teaching; a current CV and written narrative providing context for and additional information on these activities across the previous five years (2 pages max). These matrices include the requested items stated in Policy 1050.

The Post Tenure Evaluation Committee shall consist of three tenured members from the Primary Unit, which is defined as the Department of Visual Arts. The committee shall review the submitted documents and compare annual review performance ratings to the faculty member's written narrative. The committee shall evaluate the five years in a comprehensive way in order to evaluate the faculty member's progress over the evaluative period. A concise letter shall be drafted and presented to the department chair summarizing the results of this overall five year review, with an evaluation rating in each of the areas of teaching, scholarly/creative work, and leadership and service as either "outstanding," "exceeding expectations," "meeting expectations," "below expectations," or "failing to meet expectations" and narrative comparison to the faculty member's CV and written narrative. The department chair will then forward the committee's report to the Dean of the College of Arts & Media.

If the goals of the PIA are not met, an extensive review will be conducted, and a development plan will be written. (See University of Colorado APS 5008 for information and procedures relating to PIAs and extensive review.)

If the faculty member wishes to appeal a PTR committee evaluation, the appeal must be submitted in writing to the Dean within two weeks of receiving the PTR decision.
